Virtuix

Omni

The Virtuix Omni™ is the first-of-its-kind VR motion platform that lets you walk and run around in virtual reality.

Cutting-Edge VR

- Walk and run at full speed in 360° without risk of falling or colliding with other people.
- Experience unparalleled gameplay action including sideways and backwards movement at your real-time physical speed.
- Enjoy multiplayer games and endless VR worlds from within the Omni's small footprint.

The Omni is the world's most compact VR motion platform

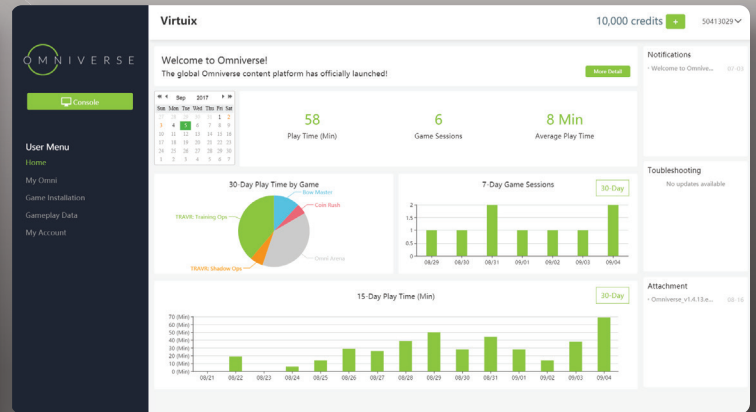

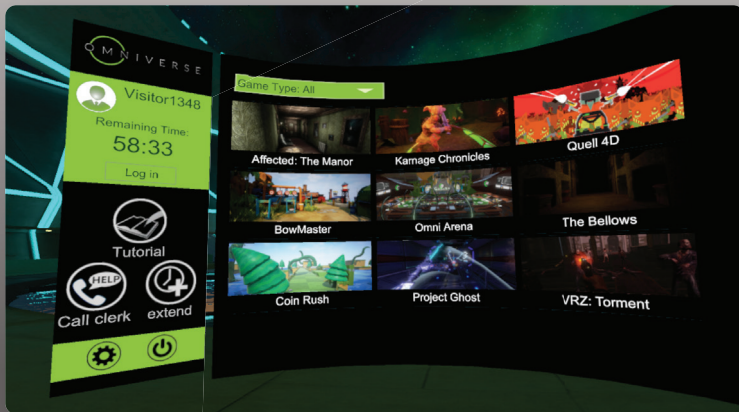

15+ Top VR Games

- Play more than 15 of the world's top VR titles exclusive for Omni.
- Allow customers to preview, launch, and switch games from within a VR interface.
- Build a repeat customer base thanks to the Omniverse™ save and load game functionality.

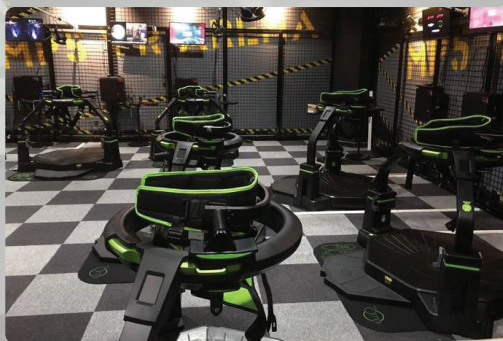

Welcome to Omniverse™

Omniverse™ is Virtuix's proprietary content delivery and arcade management platform that has the tools you need to make your business successful.

- Offer multiplayer gameplay action and 15+ top VR hits including Karnage Chronicles and eSports style first-person shooter Omni Arena.
 - Access online analytics on gameplay and revenues.
 - Set and extend gameplay times for your customers.
 - Manage multiple Omnis from a centralized console.

The Complete VR Entertainment Platform

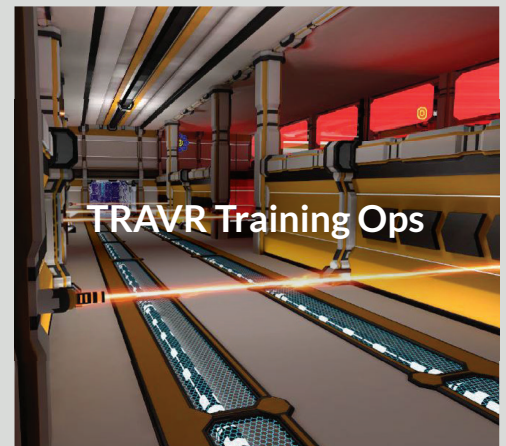

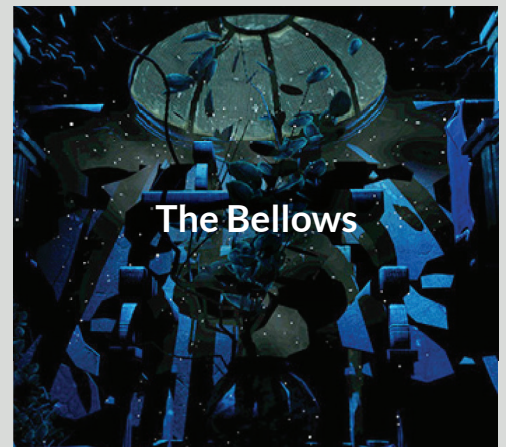

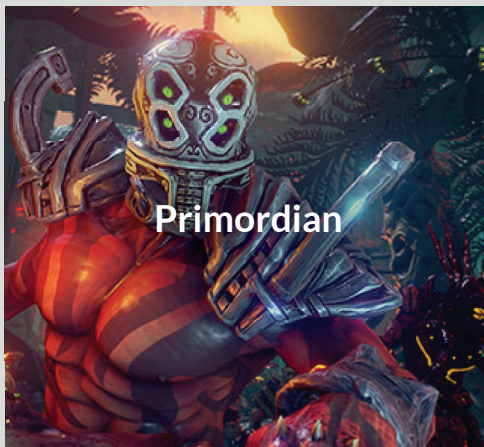

With over 2,000 Omnis shipped to date, the Omni is the leading and most popular VR platform on the market. The platform's collection of Omniverse games is automatically updated monthly to excite your customers and drive repeat gameplay.

Multiplayer VR is now possible in a small room.

Addictive VR Games

Unlock a multitude of experiences. With Omniverse™, your customers come back to play more.

Exciting New Games Each Month
